HS804 Network security application platform

Intel Xeon E5-2600 v4/v3 or E5-1600 v4/v3 series processors，Expansion 4 slots

Overview

HS804 is a Network security application platform by Shenzhen Lianrui Electronics Co., LTD

based　on ® Dual Intel Xeon E5-2600 v4/v3 or E5-1600 v4/v3series processors is the first a

multi port intelligent gateway independently developed in china. which is widely used in

industrial automation, communication, transportation, education, medical and other industries.

Point:

1.Intel Xeon E5-2600 v4/v3 or E5-1600 v4/v3 series processors

2.It supports DD4 1866/2133 ECC&REG.Up to 256G

3.Modular design，supports 4*PCI-e LANmodular

4.Support removable 3.5 "SATA/SAS/ HDD

5.Support (1+1) redundant power supply

Product model	HS804
Controller	Intel Xeon@ E5-2600 v4/v3 Series Processor
Chipset	Intel®C612 Chipset
Memory	Supports 8*284-pin DDR4 1866/2133MHz DIMM,with a maximum of 256GB ECC&REG
Bus Type	Removable LAN Supports Inte®i350/ Inel®XL710 Copper/ Fiber port Compatible 10/100/ 1000/ 10G
LAN	B 4xLAN modul bays 2xUSB 2.0 2xLAN 1x COM PIR indicator/HDD indicator/GP 10 status/system fault status LED
Front panel IO	1*Power Switch 1*AC Jack
Rear panel	350W 1+1 Redundant power supply
Power Supply	1x2.5"/3.5" 1x CF slot
Storage	440mm(W)x600mm(D)x89mm(H)
Size	21Kg
Operating Temperature	0℃~50℃
Storage Temperature	-20℃~75℃
Storage Humidity	10%~90%（Non condensing)

Customer Support

LR-LINK customer Support Services offers a broad selection of programs including phone support and warranty service. For more information, contact us at Service and availability. https://www.lr-link.com/

Shenzhen Lianrui Electronics Co,.LTD.

Shenzhen Lianrui Electronics Co.,Ltd is an efficient Ethernet adapter design company with independent research and development,using Intel,Net-swift,Tehuite,Broadcom,Realtek and other manufacturers Ethernet controller, developed by our company's independent R & D design team,manufacturedby our company workshop, and then sell.

Declaration

Our products specifications come from modifying the chip manufacturer's specifications released. Product features, technical parameters, technology right, intellectualproperty rights and brand names etc.mentioned in specifications are just referenced only.There is no infringement meaning.If there is any important andsensitive content related, please contact our Lianrui company, we'll delete them, Thank you.
