

HS110 Network Security Hardware Platform

Intel®LGA1151 6th/7th core, Six-Port RJ45, Expansion 2 slots

Overview

HS110 is a multiport intelligent gateway independently developed by Shenzhen Lianrui Electronics Co., Ltd. based on Intel LGA1151 Skylake&kaby lake i3/i5/i7 CPU series processors. It is widely used in industrial automation, communication, transportation, education, medical and other industries.

Point:

- 1.Support Intel LGA1151 Skylake & kaby lake i3/i5/i7 CPU.
- 2.1U 19"rack type network security application platform.
- 3.Support 2 X DDR4-UDIMM-1866/2133 memory,Maximum support32GB.
- 4.Support one PCIe8 Expansion slot.Expandable 4 electrical ports, 4 optical ports, 8 electrical ports, 8 optical ports, 20 gigabit module card.
- 5.Support6*RJ45 Gigabit Ethernet.
- 6.Support2*SATA2.0 Interface, 1+CF Expansion card.
- 7.Compatible with 2U redundant power supply or 1U single power supply.

Product model	HS110
Processor	Intel® LGA1151 Skylake & kaby lake i3/i5/i7 CPU
Chipset	Intel®H110 Chipset
Memory	Support 2 X DDR4-UDIMM-1866/2133 memory,Maximum support 32GB
Expansion slot	1 *PCIE-x8
Front panel IO	2x USB 2.0 interface 6x RJ45 Gigabit interface 1x COM interface PWR LED/HDD LED
Rear panel	1x Switch interface 1x Power interface
Power Supply	350W redundant power supply or 250W single power supply
Storage	2x SATA 2.0/2.5"/3.5" HDD 1xCF interface
Size	430mm(W)x550mm(D)x44.5mm(H)
Weight	Net weight 9Kg
Operating Temperature	0℃~50℃
Storage Temperature	-20℃~75℃
Storage Humidity	5%~95% (Non condensing)

Product Quick Guide

To know the network card basic knowledge to choose the suitable NIC you need, please visit us at: <https://www.lr-link.com/>

Customer Support

LR-LINK customer Support Services offers a broad selection of programs including phone support and warranty service. For more information, contact us at Service and availability. <https://www.lr-link.com/>

Shenzhen Lianrui Electronics Co.,LTD.

Shenzhen Lianrui Electronics Co.,Ltd is an efficient Ethernet adapter design company with independent research and development,using Intel,Net-swift,Tehuite,Broadcom,Realtek and other manufacturers Ethernet controller, developed by our company's independent R & D design team,manufacturedby our company workshop, and then sell.

Declaration

Our products specifications come from modifying the chip manufacturer's specifications released. Product features, technical parameters, technology right, intellectualproperty rights and brand names etc.mentioned in specifications are just referenced only.There is no infringement meaning.If there is any important andsensitive content related, please contact our Lianrui company, we'll delete them, Thank you.
